- **Organizational Profile**
- Walkin N Circles Ranch, Inc., located at the base of South Mountain, was founded in June 2002 as a 501(c)3 nonprofit corporation that operates a 30 acre horse rescue facility certified by the New Mexico Livestock Board. Although we occasionally take horse surrendered by individuals, the majority of horses that come to WNCR have been seized by the Livestock Board due to abuse, neglect or abandonment. Therefore, most of the horses that come to us have health or behavioral issues and we have very little background on them. We work in close partnership with veterinarians, farriers, trainers and other committed professionals in the field. When a horse comes to WNCR our first objective is to address their general health and nutritional needs, then evaluate them and rehabilitate them through hands on training and handling. Our ultimate goal is to find suitable adopters and place these horses in a safe, comfortable environment where they will receive the care and attention they deserve.
- A staff of two and 120 active volunteers provide feeding, medical checks, grooming, exercise, and human interaction for each of our 60 rescued horses. Our volunteer programs include monthly orientations and training sessions, clinics in natural horsemanship; and other programs focusing on training both our volunteers and horses.
- We are governed by a Board of Directors and are solely funded by our Hug a Horse Thrift Store, cash donations, bequests, in kind donations, grants, fundraisers, and participation in community events.

Our Vision: Endeavoring to find loving homes and a productive life for every rescued horse.

Our Mission: Walkin N Circles Ranch Inc. exists to rescue, rehabilitate, rehome and provide each rescued horse humane and caring attention in which fear and pain are left at the front gate.
